Authorization for this examiner's amendment was given in a telephone interview with Elizabeth Parsons on 5/19/06.

The application has been amended as follows:

Cancel the non-elected claims 15-19.

In claim 1, lines 4,5, "at least one transistor structure, the at least one transistor structure" should be changed to – at least single transistor structure, the at least single transistor structure --

In claim 1, line 10, "the at least one transistor structure" should be changed to – the at least single transistor structure --

In claim 1, line 12, "the transistor structure" should be changed to – the single transistor structure --

In claims 2,3,4,7, lines 1,2, "the at least one transistor structure" should be changed to – the at least single transistor structure --

In claim 9, lines 1,2, "the transistor structure" should be changed to – the single transistor structure --

In claims 64-69, lines 1,2, "at least one of the at least one transistor structure" should be changed to – the at least single transistor structure --

Reasons for Allowance

2. The following is an examiner's statement of reasons for allowance:

Claims 1-12,14,20-36,60-69 are allowable over the reference of record because none of these references disclose or can be combined to yield the claimed invention such as the at least single transistor structure is configured to have at least two threshold voltages associated with the at least one channel region at a same time and wherein a current-voltage characteristic of the single transistor structure is determined at least in part by the threshold voltages as recited in claims 1,25,39, the single transistor structure having the normal conduction path is associated with a highest first threshold voltage as recited in claim 20.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled ""Comments on Statement of Reasons for Allowance.

3. Any inquiry concerning this communication or earlier communication from the examiner should be directed to Tan Tran whose telephone number is (571) 272-1923. The examiner can normally be reached on M-F 8:30AM-5PM.
